To whom it may concern,

I am writing in regard to my recently submitted Post-Graduation Work Permit (PGWP) application (Application Number:W310069492). I would like to provide an additional supporting document, my IELTS language test result.

At the time of submission, I did not see a dedicated section for uploading language test documents. Upon guidance from Trent International Advising, I was advised to submit it under "Optional Documents > Client Information." Since my application has already been submitted, I am submitting the IELTS result through this IRCC webform as a follow-up to my original application.

Please find attached my IELTS test result for your review and inclusion in my file.

Thank you for your time and consideration. Please do not hesitate to contact me should you need further information.

Sincerely,
Kareem Alameen
